Franchising 2008 in Kiev

Nowadays franchising plays an important role, owing to simple ideas and principles which lead to effective development. Growth rates of franchising in Ukraine are the following: more than 300 franchising chains and about 20 thousand outlets use franchising system or its elements in their activity (according to the data of Ukrainian Franchising Association).

Every year more brands take part in the a specialized exhibition of "Franchising" which is the key-event of the market and the most effective marketing tool to find new business-partners. We invite you to take part in the 4th international specialized trade show, Franchising 2008, which will take place at KyivExpoPlaza venue, in Kyiv, Ukraine, from November 11 to 14, 2008. The trade show's organizer is Euroindex Ltd., the technological leader in Ukraine's exhibition-organizing business, and the largest organizer of b2b trade shows. Euroindex is a member of the Global Association of the Exhibition Industry (UFI), which bears witness to international recognition and to compliance with high standards in the exhibition business.

Aim of carrying out the trade show:
